

THE GREAT LAKES GROUP NAMED AS NEW MARINE HYDRAWRAP™ DISTRIBUTOR

HydraTech Engineered Products of Cincinnati, Ohio has announced that it has selected Great Lakes Shipyard and Puerto Rico Towing & Barge Co. as exclusive distributors of Marine HydraWrap™ for the U.S. Great Lakes, Puerto Rico and the Caribbean.

The Great Lakes Group, located in Cleveland, Ohio operates a full service shipyard and specializes in all types of marine repair services, as well as owning and operating 50 tugboats servicing over 40 ports throughout the Great Lakes region. Puerto Rico Towing and Barge Company located in San Juan, Puerto Rico provides towing services and vessel assistance to commercial vessels and barges throughout the Caribbean.

The Marine HydraWrap™ is an ABS Design Approved carbon fiber composite repair system for pipelines, fittings and bulkheads. Marine HydraWrap™ is sold in individual kit form or as a universal kit to repair a variety of different fittings and pipe sizes.

The kits include all material and application tools required to make the necessary repairs.

The kits can be purchased directly from The Great Lakes Group @ 216-367-8143 or Puerto Rico Towing @ 787-722-1500.
